STANDING POLICY 2
CSF POLICY ON THE APPROPRIATE USE OF THE UNIVERSITY REGISTRATION FEE

Approved: April 13, 2002
Amended: February 2, 2003

The Council on Student Fees has agreed that:
Registration Fees should remain as low as possible in order to maintain satisfactory levels of services and activities. Registration Fees should be used to fund services and activities that are not essential to the core academic function of the university, but are deemed important and complementary to the University experience on a level at which it is appropriate for students to collectively pay for them.

Programs and functions of student service units that are inappropriate for Registration Fee funding in whole or in majority can be divided into two classes:

Class One: Inappropriate for any Registration Fee funding
1. Enrollment/Registrar/Admissions Services
2. Financial Aid Administration
3. University Libraries
4. Alumni Affairs and Alumni Student Services
5. Planning and Budget Administrative Units
6. Instructionally-related Capital Improvements
7. Immediate Office of the Vice Chancellor for Student Affairs
8. Auxiliary Units (i.e. Housing and Parking Services)
9. Offices for Students with Disabilities

Class Two: Inappropriate for majority Registration Fee funding
1. Intercollegiate Athletic Programs
2. New Student/Transfer Student Orientation Programs
3. Learning Skills Centers
4. Educational Opportunity Programs
5. International Student Programs

Class Two programs (with the possible exception of Athletics) should be funded primarily by the state as they relate directly to the future viability of the University and the critical goals of academic quality and access.

The purpose of this policy is to encourage discussion and discretion on the appropriate use Registration Fee funds, while specifically stating inappropriate uses.
